Website Radio Project – Full Project Summary

Project Overview

This document provides a comprehensive summary of all tasks, subtasks, due dates, statuses, priorities, assignees, tags, and progress updates for the Website Radio Project. It also includes all notes, icons, images, and summary statistics.

Project Notes & Documentation

Development Plan for Spandex Salvation Radio Website

Objective

Create a dynamic, user-friendly website for Spandex Salvation Radio that offers live streaming, interactive features, and a seamless user experience. The site will cater to fans of old-school metal music, providing a platform for live shows, artist content, and community engagement.

Website Features

- **Live Streaming:** 24/7 streaming, "Tune In Live" button, weekly live shows
- **Now Playing List:** Real-time display of current track
- **Embedded Media:** Videos and artist profiles
- **Music Genre Focus:** Old-school metal bands
- **Submissions Forum:** Song requests and submissions
- **Interactive Map:** Live listener map
- **Countdown Timer:** To official launch
- **Subscription Model:** Monthly tiers with perks
- **E-commerce Integration:** Shopify merch page
- **Google Ads Integration:** Promotion and revenue

Pages Structure

- Home, About, Show Schedules & Past Shows, Submissions, Contact, Merch, Subscription

Technical Details

- Backend: Firebase
- Admin Access: Secure login for content updates
- Maintenance: Monthly plan

Development Phases

- Planning & Design, Development, Testing, Launch, Maintenance

Conclusion

The Spandex Salvation Radio website will be a hub for metal music fans, offering live streaming, interactive features, and exclusive content.

Summary Statistics

- **Total tasks:** 58
- **Tasks in progress:** 4
- **Tasks completed:** 0
- **Tasks overdue:** 0
- **Tasks upcoming:** 54

Full Task & Subtask List

Below is a comprehensive list of all tasks and subtasks for the Website Radio Project, including due dates, statuses, priorities, assignees, tags, progress updates, and custom fields.

Phase 1 – Design (June 16–22)

1. **Create Site Mockups**
   - Status: In Progress
   - Priority: Normal
   - Assignee: Matthew Mech
   - Start: 06/15/2025
   - Due: 06/22/2025
   - Tags: design, phase 1
   - Subtasks:
     i. Homepage layout
     ii. About page design
     iii. Contact page layout
     iv. Schedule page design
     v. Blog page mockup
     vi. Mobile responsiveness
     vii. Desktop responsiveness

       viii Final mockup adjustments
       .

2. **Design Feedback & Approval**
   - Status: In Progress
   - Priority: Normal
   - Assignee: Matthew Mech
   - Start: 06/15/2025
   - Due: 06/22/2025
   - Tags: design, phase 1
   - Subtasks:
     i. Send mockups to stakeholders
     ii. Collect feedback
     iii. Revise designs

3. **Gather Brand Assets**
   - Status: In Progress
   - Priority: Normal
   - Assignee: Matthew Mech
   - Start: 06/15/2025
   - Due: 06/22/2025
   - Tags: design, phase 1
   - Subtasks:
     i. Collect logo and color palette
     ii. Gather fonts and style guidelines
     iii. Compile image examples

Phase 2 – Build & Code (June 23–July 6)

1. **Front-End Development**
   - Status: To Do
   - Priority: Normal
   - Assignee: Matthew Mech
   - Start: 06/22/2025
   - Due: 07/06/2025
   - Tags: coding, phase 2

- Subtasks:
    i. Build navigation menu
    ii. Code homepage layout
    iii. Style all pages

2. **Backend Setup (Firebase)**
   - Status: To Do
   - Priority: Normal
   - Assignee: Matthew Mech
   - Start: 06/22/2025
   - Due: 07/06/2025
   - Tags: coding, phase 2
   - Subtasks:
       i. Firebase project setup
       ii. Admin login system
       iii. Subscriber data storage
       iv. Database connection for submissions and schedule

3. **Live Features**
   - Status: To Do
   - Priority: Normal
   - Assignee: Matthew Mech
   - Start: 06/22/2025
   - Due: 07/06/2025
   - Tags: coding, phase 2
   - Subtasks:
       i. Integrate streaming functionality
       ii. Add live user map integration
       iii. Display now-playing metadata

4. **Admin Panel**
   - Status: To Do
   - Priority: Normal
   - Assignee: Matthew Mech
   - Start: 06/22/2025

- Due: 07/06/2025
- Tags: coding, phase 2
- Subtasks:
    i. Create login page for editor access
    ii. Build simple content update UI
    iii. Write usage instructions

5. **Additional Features**
   - Status: To Do
   - Priority: Normal
   - Assignee: Matthew Mech
   - Start: 06/22/2025
   - Due: 07/06/2025
   - Tags: coding, phase 2
   - Subtasks:
       i. Google Ads integration
       ii. Submissions form
       iii. Countdown to launch (JS timer)
       iv. Shopify merch page

Phase 3 – Testing & Launch Prep (July 7–13)

1. **Testing**
   - Status: To Do
   - Priority: High
   - Assignee: Matthew Mech
   - Start: 07/07/2025
   - Due: 07/10/2025
   - Tags: testing, phase 3
   - Subtasks:
       i. Test all front-end functionality
       ii. Test backend systems
       iii. Cross-browser compatibility checks
       iv. Mobile responsiveness testing

2. **Bug Fixes**
   - Status: To Do
   - Priority: High
   - Assignee: Matthew Mech
   - Start: 07/07/2025
   - Due: 07/10/2025
   - Tags: testing, phase 3
   - Subtasks:
     i. Fix front-end bugs
     ii. Resolve backend issues
     iii. Re-test after fixes

3. **Launch Prep**
   - Status: To Do
   - Priority: High
   - Assignee: Matthew Mech
   - Start: 07/11/2025
   - Due: 07/13/2025
   - Tags: launch, phase 3
   - Subtasks:
     i. Finalize content uploads
     ii. Set up hosting and domain
     iii. Perform final walkthrough

Phase 4 – Post-Launch (July 14–20)

1. **Post-Launch Monitoring**
   - Status: To Do
   - Priority: Normal
   - Assignee: Matthew Mech
   - Start: 07/14/2025
   - Due: 07/20/2025
   - Tags: post-launch, phase 4
   - Subtasks:

    i.   Monitor site performance

    ii.   Track user feedback

    iii.   Address any immediate issues

2. **Marketing Campaigns**
   - Status: To Do
   - Priority: Normal
   - Assignee: Matthew Mech
   - Start: 07/14/2025
   - Due: 07/20/2025
   - Tags: marketing, phase 4
   - Subtasks:
       i.   Launch social media ads

       ii.   Send email newsletters

       iii.   Track campaign performance

3. **Future Updates Planning**
   - Status: To Do
   - Priority: Normal
   - Assignee: Matthew Mech
   - Start: 07/14/2025
   - Due: 07/20/2025
   - Tags: planning, phase 4
   - Subtasks:
       i.   Gather user suggestions

       ii.   Plan feature updates

       iii.   Schedule next development cycle

Additional Notes

- All planning details, icons, and images are included above or in referenced docs.
